Reference 3600 (Utw02000)
Cases file UTU – 89052

Request for mining claim waiver for materials use dated May 10, 2013.

We, the locators and claimants of the two placer mining claims referred to near Pavant Butt in Miller County Utah (Black Sand #36-11 and Black Sand #37-11) through our agent Ernest Patterson, 6021 8Bayshore Drive, Stansbury Park UT 84074, respectfully decline your request to sign the mining claim waiver you requested.

Our Association has invested many tens of thousands of dollars into assays, research and development and equipment to extract claimable materials from the ore on these claims that will far exceed the prudent man clause of the mining laws.

3601.14 you referred to in your request states "(a) BML may dispose of mineral materials from unpatented mining claims if disposal does not endanger or materially interfere with prospecting, mining or processing operations or uses reasonably incident thereto".

Our association is prepared to defend our rights to our mining claims in that removing the very material from which we extract claimable metals will not only interfere with, but will eliminate all our rights to our mining claims.

Please be advised that the organization requesting the permit to mine on our claims is fully aware of the value of this ore through their associate George Grandby, with whom We have a valid and binding non-circumvent and non-disclosure agreement on these claims as well as a contract for \$5 million to mine material from our claims, against which contract Mr. Grandby has already paid \$50,000.

We view Mr. Grandby's and Industrial Cinders' attempt to acquire a permit on our claims to mine "cinders" --knowing the value thereof, is a flagrant attempt to circumvent our valid and binding non-circumvent and non-disclosure agreement and the \$5 million contract.

We respectfully request that you deny Mr. Grandby and Industrial Cinders application to remove ore from our claims and allow us to continue the process of developing our claims.

Thank you
Ernst Patterson
Agent for Claimants
